

Tomaree Ratepayers and Residents Association Inc.

New Subdivision Plan Revealed

Tomaree Ratepayers and Residents Association (TRRA) have invited Frank Future to explain a proposal for the rezoning and subdivision of 16 hectares at the entrance of Nelson Bay (Near the White Whale).

This proposal is important to all citizens, being located at the entrance of our iconic tourist destination. The meeting is to be held on Monday 11th of February at 7.30 pm in the Crows Nest at the Nelson Bay Bowling Club so please mark your diaries now.

An update to the Soldiers Point Marina expansion will be given by our newly appointed Liaison Officer Colin Howard. Colin has been spear heading the action and deserves the support of all those interested in a measured and sustainable approach to developments in our port. The meeting will also include updates on a range of issues that have kept our committee fully involved. It is your community so we hope you will be able to make time to attend.
