- ❖ **Kate Washington** – Member for Port Stephens.
- ❖ **Sue Milthorpe** – Nature Conservation Council - Marine campaigner on: Government tampering with marine science....Port Stephens Marine Park Association for a sustainable PS/GL Marine Park

### How you can help make it happen!

We have witnessed the failure of the NSW Government to deliver sustainable environmental laws in this State, there's been political betrayal, intrusive development and sandmining proposals, and we have an environmentally-averse council majority to September 2016.

The time for change and communities working together is now!

Obtain your copy of **Planning for People** at [www.thecommunitycharter.org](http://www.thecommunitycharter.org) and help make a difference. **Be there on Sunday April 26** and help demand a fair, transparent, accessible, accountable planning system for NSW and our local councils.
